Years known:

Phone:

Email:

8. Internship terms may be flexible for the right candidate, however generally internships run on the following schedule. Please indicate your preferred internship term:

May through July

June through August

July through September

**9. ESSAY QUESTION**

The medical staff is temporarily unavailable, detained treating an emergency case. The Humane Society officer comes from the shelter and gives you three boxes. She tells you that one contains an opossum hit by a car; one holds 3 featherless baby birds whose nesting tree was cut down, and the last is a gull. What do you do? *(We realize you may not have any animal hospital experience. Please answer the question to the best of your ability. We are not looking for you to know medical treatments or diagnoses.)*
