

A Hike Through Muir Woods

Your class will soon visit Muir Woods, one of the few redwood forests here in California. Each of the animals pictured below also visits, or makes its home in the redwood forests. Forests are made up of different layers, just like a sandwich! Draw a line from the animal to the place where you would find it in the forest. You may find that some of the animals will visit more than one level!

SALMON

RACCOON

SPOTTED OWL

GRAY SQUIRREL

CANOPY
