

Ocean Adventures

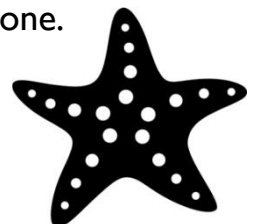

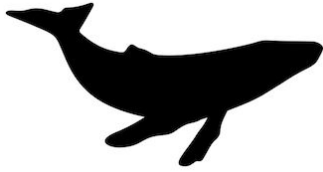

WildCare came and taught about ocean wildlife. Use the knowledge you learned to decide if the statements below are true or false.

- True or False** Animals in the ocean are connected to animals on land by the food web.
- True or False** Barnacles live on anything they can stick themselves to including shells, whales, and even boats.
- True or False** Dolphins aren't mammals because they don't have fur.
- True or False** Kelp creates an important habitat for many sea animals including the sea otter.
- True or False** Our actions on land can affect animals in the ocean.
- True or False** Marine mammals depend on the ocean for food and survival.
- True or False** About 50% of the earth is covered with salt water, what we call the oceans.
- True or False** Fresh water on land is connected to oceans by the water cycle.
- True or False** Baleen filters krill, plankton, and small fish from seawater inside the mouth of some whales.
- True or False** The smallest whale in the world is the Blue Whale.
- True or False** All 7 species of sea turtles are endangered, due to human impact.
- True or False** Sharks have a skeleton made of cartilage instead of bone.
