

# Los Vertebrados

Todos los animales que WildCare va a enseñar tienen algo en común con nosotros. Se llaman vertebrados, lo que significa que tienen columna vertebral. Tú también tienes columna vertebral, lo que significa que eres un vertebrado. Los científicos agrupan a los vertebrados con rasgos y características similares en diferentes clases.

**Completa las vocales que faltan para averiguar los nombres de las 5  
clases diferentes de vertebrados**

	N	F		B			S
--	---	---	--	---	--	--	---

Pista: Ranas, sapos y salamandras

## The Vertebrates

All of the animals WildCare will teach about have something in common with us. They are called vertebrates which means they have a backbone. You have a backbone, which means you are a vertebrate, too! Scientists group vertebrates with similar features and characteristics into different classes.

Fill in the missing vowels to find out the names of the 5 different

vertebrate classes!

		A	M	P	H	B	I	A	N	S		
--	--	---	---	---	---	---	---	---	---	---	--	--

Hint: Frogs, Toads & Salamanders

R	E	P	T		I	L	E	S	
---	---	---	---	--	---	---	---	---	--

Hint: Snakes, Lizards & Turtles

M	A	M	M	A	L	S		
---	---	---	---	---	---	---	--	--

Hint: Bears, Lions & Tigers, Oh My!

B	I	R	D	S		
---	---	---	---	---	--	--

Hint: Has feathers, wings & a beak.

F	I	S	H	
---	---	---	---	--

Hint: Has gills and scales.
